INNOVATION MANAGEMENT SYSTEM POLICY

In alignment with MKE's objectives, our Innovation Management System Policy aims to meet the defence industry needs of the Turkish Armed Forces, security forces, and our other domestic and international customers, enhance our competitiveness, support sustainable growth, and contribute to Türkiye's technological capabilities in the defence industry through the following commitments:

COMPLIANCE WITH APPLICABLE REQUIREMENTS

Complying with all applicable legal and regulatory requirements, contractual obligations, and other relevant requirements related to the Innovation Management System, and maintaining compliance with these requirements.

ENSURING CONTINUAL IMPROVEMENT

Regularly monitoring and measuring the performance of our Innovation Management System and continually improving it.

CREATING STRATEGIC VALUE

Directing innovation activities in line with our corporate strategies, objectives, and customer needs and expectations to create sustainable strategic value.

COMMITMENT TO INNOVATION ACTIVITIES

Supporting innovative ideas, encouraging continual improvement and development, and embedding an innovation culture into all our processes.

DEVELOPING AND PROMOTING AN INNOVATION CULTURE

Developing an innovation culture that creates sustainable value, enhances competitiveness, and achieves technological superiority in the defence industry. Making innovation an integral part of our corporate culture by upholding ethical principles in innovation activities and supporting our employees' creativity, participation, and entrepreneurship.
